

Addis Ababa Energy Storage Container 600kW Government Procurement

Overview

How many containers are there in Addis Ababa?

There are 512 containers for solid waste management in Addis Ababa; most of these containers are in a very bad condition. Figure 7 and 8 below show push-carts used to collect waste from households in Addis Ababa and the formal waste management process respectively. Waste is dumped at the Repi dump site.

How big is Ethiopia's government procurement market?

Ethiopia's government procurement market is booming, with an estimated \$9 billion in goods and services to be purchased in 2023 alone. This surge is driven by large public investments in infrastructure and major state-owned enterprises.

Does Ethiopia have an electronic government procurement system?

The Government of Ethiopia has been piloting an electronic government procurement (EGP) system since 2021 with nine public agencies participating. In 2023 the system was expanded to 74 federal agencies including those that make the major purchases in sectors including agriculture, technology, health, and education.
