

# **Alofi Uninterruptible Power Supply Battery**

## Overview

---

What is an uninterruptible power supply (UPS battery backup)?

An Uninterruptible Power Supply (aka a UPS Battery Backup) protects vital connected equipment -- computers, servers, and telecommunications equipment -- from power outages. During an outage, that small UPS Battery Backup under your desk at work gives you enough time to save your spreadsheet and properly shut down your computer.

Who is uninterruptible power supply (UPS)?

Uninterruptible Power Supply (UPS) Manufacturer specialising in DC, AC single & three phase & Lithium UPS.

How many mAh battery does a ups have?

USB outlet. 10,000mAh battery. Uninterruptible Power Supply (UPS) systems are essential across various industries, providing backup power and protecting sensitive equipment from power disruptions. From home offices to industrial facilities, different UPS types cater to specific needs based on power requirements, runtime, and criticality.
