

Aurora solar inverter factory in Portugal

Overview

Why is solar power important in Portugal?

Solar power is essential in the pursuit of the nation's ambitious goal of generating 80% of its electricity from renewable sources by 2030. Portugal's solar companies are well-positioned to capitalise on a burgeoning market, which is being propelled by government incentives and a growing emphasis on energy security and decarbonisation.

Is Portugal a good place to invest in solar energy?

Portugal's regulatory framework is supportive of renewable energy, and it includes subsidies for solar installations and investments in grid integration. The country's moderate climate and high solar potential render it an ideal location for solar energy development, offering a plethora of opportunities for investors and developers.

How many companies are involved in solar inverter production?

Companies involved in Inverter production, a key component of solar systems. 4 Inverter manufacturers are listed below.

Who owns Eurowind energy a/s?

Eurowind Energy A/S is owned 50% by EWE Holding ApS and 50% by Norlys Holding A/S. The company operates a portfolio including both wind and solar projects with a total capacity of 2121.96 MW, of which 1300 MW is operational, 171.96 MW is under construction/RTB and 650 MW is pre-RTB.
