

Belgian solar glass

Overview

Who is a glass-glass solar company?

We specialise in the research, development, and production of innovative, high-efficiency, ultra-black, Glass-Glass solar panels and high-quality energy storage batteries for homes. Our head office is located in Genk, Belgium, and the company enjoys a strong reputation across more than ten countries in Europe and the United States.

What is the Belgian glass industry federation (FIV)?

Since 1947, the Belgian Glass industry Federation (FIV) has brought together Belgian companies and manufacturers that produce and process glass: flat glass (construction and automotive), hollow glass (bottles, glasses, containers), and special glass types (fibreglass, foam glass, glass wool, solar, and lighting).

Who is AGC Glass Europe?

As the European branch of AGC, a world leader in flat glass, AGC Glass Europe has over 100 sites throughout Europe and around 15,300 employees. Solar systems for use in energy generation, such as photovoltaics (PV) and concentrated solar power (CSP), are a fast-growing market with enormous potential for reducing CO2 emissions.

What is AGC solar glass?

The AGC solar glass range covers two main applications: Building Integrated Photovoltaics (BIPV) (electricity generation) and Concentrating Solar Power (industrial electricity generation). BIPV glazing has a dual role: it is part of the outer structure of the building, while at the same time generating electricity using photovoltaic energy.

Belgian solar glass

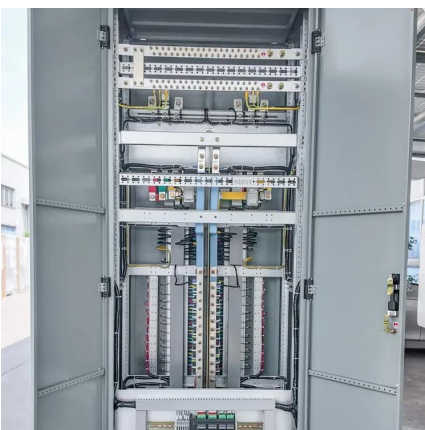

[Energy generation , AGC Glass Europe](#)

Dec 5, 2025 · The AGC solar glass range covers two main applications: Building Integrated Photovoltaics (BIPV) (electricity generation) and ...
