

# **Bidding and Procurement of Grid-Connected Smart Photovoltaic Energy Storage Containers for Ships**

## Overview

---

How to promote competitive procurement of electricity from solar PV power plants?

Promoting competitive procurement of electricity from solar PV power plants, by Distribution Licensees. Facilitating solar PV capacity addition and fulfilment of Renewable Purchase Obligation (RPO) and Energy Storage Obligation (ESO) requirement of DISCOMs.

What are India's new solar power procurement guidelines?

Detailed technical parameters for solar PV and energy storage systems will be periodically updated by MNRE (Ministry of New and Renewable Energy). The amended guidelines mark a paradigm shift in India's solar power procurement framework, emphasizing accountability, technological reliability, and procedural transparency.

Does competitive bidding reduce the cost of procurement of power?

It is necessary to point out that procurement of power through competitive bidding by the Distribution Licenses is expected to reduce the overall cost of procurement of power and facilitate development of power markets.

What are the new solar power procurement revisions for 2025?

Notified on February 12, 2025, these revisions aim to streamline solar power procurement, bolster accountability, and ensure a transparent and efficient bidding ecosystem.

## Bidding and Procurement of Grid-Connected Smart Photovoltaic Energy
