

# **Brands of solar panels in Maldives**

## Overview

---

What is the Maldives solar project?

The Maldives solar project is a 36 MW solar power project and 50 MWh of battery energy storage solutions development across various islands in the Maldives. It also includes grid modernization for the integration of variable renewable energy with the grid, which will be financed under the proposed AIIB loan.

Why solar PV with storage in Maldives?

Solar PV with storage has proven suitable and competitive for Maldives' high penetration of renewable energy (POISED type B projects), with an average fuel savings of 25%. The concept design of hybrid systems (efficient diesel generators + solar PV plants + energy storage) has resulted in success for Maldives.

Which companies provide solar PV in Malaysia?

Several companies in Malaysia offer solar PVs. Q-Cells and First Solar are among them. Q-Cells is a solar cell manufacturer that has gained a reputation as a leader in the PV market. First Solar, located at Kedah Darul Aman, provides comprehensive solar PV solutions that mitigate risks and maximize value for its clients.
