

Cambodia household solar inverter

Overview

Is solar energy a good investment in Cambodia?

According to the International Renewable Energy Agency (IREA), access to solar energy in Cambodia is 11 times higher than it was just a few years ago. Approximately one third of a million households, or 8.4% of overall Cambodia households, are benefiting from off-grid or micro-grid solar (Cambodia Socio-Economic Survey).

Is solar power transforming remote communities in Cambodia?

Solar power is transforming remote communities in Cambodia with affordable, renewable energy and the chance to live more productive lives\ . However, hundreds of other villages remain off the grid, and energy experts say Cambodia should be doing more to harness the country's immense amount of untapped sunlight.

Who is ecosun (Cambodia)?

Since 2008, EcoSun (Cambodia) Co., Ltd has been providing Cambodian households with a comprehensive range of solar-powered appliances and solar solutions. From energy-efficient appliances to sustainable solar and hybrid systems, we provide solar energy solutions tailored to meet any energy needs.
