

# **Cape Town 5G solar container communication station hybrid energy construction approval**

## Overview

---

Does Scatec ASA have a battery storage facility in South Africa?

Norwegian PV developer Scatec ASA has switched on a hybrid solar and battery storage facility in the Northern Cape province of South Africa. A 540 MW solar and 225 MW/1,140 MWh battery storage hybrid project has commenced operations in South Africa.

Where are solar projects located in South Africa?

In December 2023, Saudi Arabia's ACWA Power signed a 20-year PPA with Eskom for a 442 MW solar facility with 1,200 MWh of battery storage, also located in Northern Cape province. In June 2023, Scatec ASA reached financial close on three more solar projects in South Africa, with a total capacity of 273 MW, all located in Western Cape province.

What is a 540 MW solar & 225 MW battery storage hybrid project?

A 540 MW solar and 225 MW/1,140 MWh battery storage hybrid project has commenced operations in South Africa. The project, located in the town of Kenhardt in Northern Cape province, has been billed as one of the world's largest hybrid solar and battery storage facilities in the world.

Who owns a battery plant in South Africa?

The battery facility comprises 456 units, each matching the size of a shipping container and weighing 30 tons. It is owned by Norwegian renewables developer Scatec ASA. The company holds a 51% stake in the \$1 billion project, marked as the largest commitment in its history. South African investment company H1 Holdings holds 49%.
