

# Container 5G base station

## Overview

---

What is a 5G cloud base station?

The 5G cloud base station for industry is based on ZTE's unique NodeEngine computing power base station solution.

Will China build a 5G base station next year?

Technicians from China Mobile check a 5G base station in Tongling, Anhui province. [Photo by Guo Shining/For China Daily] China aims to build over 4.5 million 5G base stations next year and give more policy as well as financial support to foster industries that can define the next decade, the country's top industry regulator said on Friday.

How to upgrade a site to a 5G cloud base station?

Only one board needs to be added, so to upgrade the existing site into one-stop 5G cloud base station for industry. No engineering survey is required, no new equipment room space needs to be added, so the private network services can be put into operation in one hour.

Does Kyocera have a 5G base station?

Kyocera Corporation (Kyoto, Japan; President: Hideo Tanimoto) today announced that it has officially begun the full-scale development of an AI-powered 5G virtualized base station, with plans to commercialize the technology. As digital transformation (DX) accelerates globally, 5G mobile networks have become a critical societal infrastructure.
