

Croatia New Energy Station Energy Storage

Overview

Who owns a power station in Croatia?

All power stations in Croatia are owned and operated by Hrvatska elektroprivreda (HEP), the national power company. As of 2015, HEP operates 26 hydroelectric, 4 thermal and 3 cogenerating power plants with the total installed electrical power of 3.654 MW.

What is Croatia's energy package?

SARAJEVO, Feb 16 (Reuters) - The Croatian government has prepared a 4.8 billion kuna (\$725 million) package designed to offset the impact of rising energy prices on households, businesses and socially vulnerable groups, Prime Minister Andrej Plenkovic said on Wednesday.

What is Croatia's energy development strategy?

The energy development strategy of the Republic of Croatia until 2030 (and with some expectations for 2050) is a transition to renewable energy sources. Dependence on fossil fuels should be decreased, and domestic energy production and use of renewable sources should be increased.

What is energy in Croatia?

Energy in Croatia describes energy and electricity production, consumption and import in Croatia. As of 2023, Croatia imported about 54.54% of the total energy consumed annually: 78.34% of its oil demand, 74.48% of its gas and 100% of its coal needs.
