

# **Emergency Command Use Oceania Folding Container 20 feet**

## Overview

---

What is a 20ft expandable container house?

The 20ft expandable container house is equipped with two bedrooms. The expandable prefab house adopts a steel structure. It's the ideal temporary construction house for workers in construction sites, outdoor exploration, camping, or emergency rescue.

Can a foldable container be used as a prefabricated building?

Using A foldable container as a Prefabricated Building for temporary site office/accommodation has a huge advantage of convenience and space saving. Compared with normal site office construction, there is cost saving for time, labor, transportation and warehousing convenience.

Why should you choose a foldable container?

The foldable container is movable with crane or forklift hence better accessibility. Installation and dismantling is also very fast and can be constructed within 25 minuets. The insulation material use to construct the container also provide good sound and heat insulation.
