

Explosion-proof 12v uninterruptible power supply

Overview

What is an explosion-proof uninterruptible power supply system (UPS)?

Orga helps make daily operations easier, with Orga's Explosion-proof (EX) Uninterruptible Power Supply system (UPS). What does an Explosion-proof Uninterruptible Power Supply system do?

The batteries of our EX-certified UPS (Uninterruptible Power Supply) continue to supply power when the normal power supply is cut off.

What is the iups101 uninterruptible power supply system?

The iUPS101 Uninterruptible Power Supply system is certified for use in ATEX and IECEx Zone 1 and 2 hazardous areas. It provides back up power to protect critical equipment, such as instrumentation and control systems, navigation and landing lighting, or blow out prevention systems, in the event of a blackout or brownout. Want to find out more?

.

Why do I need an ex-certified UPS (uninterruptible power supply)?

The batteries of our EX-certified UPS (Uninterruptible Power Supply) continue to supply power when the normal power supply is cut off. This ensures that critical systems keep running in order to keep the asset safe and compliant with relevant regulations in every situation, even in hazardous areas.

Why are uninterruptable power supplies important?

In times of increasing relevance of decentral power supplies and decreasing reliability of the power supply networks, uninterruptable power supplies (UPS) become more and more important.
