

Georgia energy storage solar container lithium battery manufacturer

Overview

How many battery energy storage sites will Georgia Power have in 2026?

Georgia Power has applied for certification of four battery energy storage sites totaling 500 MW expected to come online in 2026. In a continued effort to limit its use of fossil fuels to mitigate peaks, Georgia Power Company is adding a whole mess of new BESS.

Will Georgia Power offer more battery energy storage projects?

In that filing, Georgia Power signaled its intention to solicit bids for more storage- another 500 MW- in the near future. Battery energy storage projects are popping up all over the U.S., which added nearly 4 GW of storage capacity in the second quarter of this year alone, according to a recent report.

Who is LG Energy Solution?

LG Energy Solution is a leading global manufacturer of lithium-ion batteries for electric vehicles, mobility, IT, and energy storage systems. With 30 years of experience in revolutionary battery technology and extensive research and development (R&D), the company is the top battery-related patent holder in the world with over 58,000 patents.

Who owns HL-GA Battery Company?

Hyundai Motor Group and LG Energy Solution committed an investment of more than \$4.3 billion to establish HL-GA Battery Company. Our battery cell manufacturing joint venture is strategically located outside beautiful Savannah, Georgia and is scheduled to start production early 2026.
