

High quality magnetic breaker in Sao-Paulo

Overview

Who is Brasil magnets?

Brasil Magnets was founded in 2004 with the objective of being the leader in the Magnetic Magnets and Equipment segment, with the main focus on serving partners with prompt delivery products, prioritizing quality in all products and providing specialized service.

Who manufactures electromagnetic equipments in Brazil?

MEAC Electric Industry Ltd. is the leading manufacturer of electromagnetic equipments in Brazil. The company, founded in 1975 in São Paulo, manufactures products and components that transform electric energy into mechanic force.

What are thermal-magnetic circuit breakers?

Thermal-magnetic circuit breakers feature a thermal tripping mechanism as well as a magnetic tripping mechanism. This means that the protective devices trip faster in the event of a short circuit compared to thermal fuses. With their various characteristic curves, the device circuit breakers also satisfy the requirements for long cable paths.

Where is Brasil magnets located?

Brasil Magnets is proud of its trajectory over these 20 years in the market. It believes in the partnership they have with their employees, suppliers, partners and customers, and this means that we can always walk in search of growth together. We are located in Campo Belo neighborhood close to Avenida dos Bandeirantes and Congonhas Airport.
