

Home energy storage in Mumbai India

Overview

Will Tata Power install a 100 MW battery energy storage system in Mumbai?

Mumbai, 7th April, 2025 – Tata Power, India's largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100 MW Battery Energy Storage System (BESS) in Mumbai over the next two years.

Why are smart home energy storage systems becoming more popular in India?

This trend reflects a faster pace of adoption of Smart Home Energy Storage Management systems in India due to the proliferation of rooftop solar systems, the integration of smart meters, and declining costs of lithium-ion based batteries. India is rapidly advancing toward smart energy ecosystems.

What is Tata Power Solar & Storage (India)?

Tata Power Solar + Storage (India): Tata Power has launched pilot design projects in various locations in Maharashtra and Delhi NCR where rooftop solar is combined with lithium-ion batteries.

Does Tata Power have a smart home energy storage system?

Tata Power has launched pilot design projects in various locations in Maharashtra and Delhi NCR where rooftop solar is combined with lithium-ion batteries. These battery storage systems utilize Smart Home Energy Storage Management to monitor their load patterns and have reported households reductions of energy costs between 20-30%.
