

How much does Swiss solar tiles cost at most

Overview

For a typical 2,000 square foot roof with 60% solar coverage (1,200 square feet of active tiles), total system costs range from \$14,400 to \$36,000 before incentives. How much does a solar roof tile system cost?

To give you an idea, the average 3.5 kW solar roof tile system will cost around £13,000, compared to approximately £7,000 for a regular PV system. However, remember that you are also getting a new roof with your solar tiles, so a direct price comparison is slightly misleading. Information last updated in April 2025.
