

# Huawei North Africa Inverter

## Overview

---

Where are Huawei inverters used?

Their products are used in more than 170 countries, by over three billion people. Huawei inverters are used at the world's largest single PV plant, tracking system PV plant and rooftop-mounted PV plant. Huawei's parent company is Huawei Investment & Holding.

Are Huawei solar inverters good?

Huawei's inverters are compact, highly efficient, and feature smart safety functions like AFCI (Arc Fault Circuit Interruption) and rapid shutdown. Perfect for homeowners, installers, and businesses looking for reliable and scalable solar power, Huawei's solutions deliver high efficiency, intelligent energy management, and long-term ROI.

Does a Huawei inverter have a phone number?

Yes, there is a phone number for Huawei inverters. Also, for those of you waiting for the 5 and 6kW three phase hybrid inverters, they won 'Best inverter' at Intersolar 2019 and will be landing mid October with an RRP of \$2,000.

Are Huawei battery inverters out in Australia?

Huawei battery inverters have been available in Australia since Jan 2018. Initially, they used the NetEco reporting platform, which commercial inverters in Australia had used for a longer time. About a year ago, they launched FusionSolar (app and web browser) for their residential inverters.
