

Industrial switchgear factory in Mexico

Overview

What is gelectro switchgear?

Gelectro is a specialized distributor of electrical solutions, including medium-voltage switchgear, which is compact, environmentally friendly, and maintenance-free, making it suitable for various applications.

What is econiqtm switchgear?

A significant portion of the investment includes the implementation of a new gas-management system for EconiQ™ switchgear production. North America has been a pioneer in adopting the EconiQ eco-efficient technology, which eliminates the use of sulfur hexafluoride (SF₆), the most potent greenhouse gas from high-voltage equipment.

Does Hitachi energy have a switchgear plant?

Hitachi Energy is also announcing a \$60 million USD investment in its Mount Pleasant, Pennsylvania facility. This expansion aims to double production capacity for high-voltage switchgear and breakers, including dead tank breakers, gas-insulated switchgear and hybrid switchgear.

What will the new transformer factory in Reynosa do?

The new transformer factory in Reynosa will address the need for single-phase, padmount distribution transformers used widely in the North American market and will bring 350 jobs to the region.
