

Iran Industrial Energy Storage Batteries

Overview

What is battery management system?

Battery management system used in the field of industrial and commercial energy storage.

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

How do we ensure the safety and reliability of battery products?

From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner. Through multi-branch design, we fully and fully monitor battery voltage, power, temperature, communication and other states to ensure the normal operation of the power system.

Who is Xuantu energy storage Tues?

In 2025, TUES obtained official authorization from Victron Energy and became the official authorized agent in the Asia Pacific region. As a strategic partner, Xuantu Energy Storage TUES will provide a complete product matrix and localized engineering technical support for the Asia Pacific market.
