Large-scale energy storage park construction plan

Overview

What is the 'Special Action Plan' for new energy storage?

The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), formulated jointly by the country's National Development and Reform Commission and National Energy Administration (NEA).

What is the energy storage plan?

The plan outlined 21 key measures, including scaling up energy storage applications in power generation and grid infrastructure, accelerating technological innovation, and improving standardization. It also emphasized talent development and enhancing international cooperation in the sector.

How can big data industrial parks improve energy storage business model?

Combined with the energy storage application scenarios of big data industrial parks, the collaborative modes among different entities are sorted out based on the zero-carbon target path, and the maximum economic value of the energy storage business model is brought into play through certain collaborative measures.

What is China's Energy Storage plan?

The plan's target represents a significant scaling up, even for the world's leading adopter and producer of energy storage technologies. According to official National Energy Administration data from its recent 'China new energy storage development report 2025,' the country's installed base at the end of 2024 totalled 73.8GW/168GWh.

Large-scale energy storage park construction plan

[China targets 180 GW of new energy storage by 2027 in ...](#)

Sep 12, 2025 · China aims to add more than 100 GW of new energy storage (primarily battery storage, excluding pumped hydro) by 2027, according to a new action plan presented by ...

[China targets 180GW of installed BESS ...](#)

Sep 17, 2025 · The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), ...

[2025 New Energy Storage: Policy Supports Long ...](#)

Jun 19, 2025 · As the closing year of the "14th Five-Year Plan", 2025 is a crucial time for testing China's energy transition results and marks the shift of new energy storage technology from ...

[New Tesla Shanghai energy storage factory gets go-ahead](#)

May 14, 2024 · Moving forwards, the Shanghai Energy Storage Super Factory will produce the Megapack, a super large-scale commercial energy storage battery, to assist grid operators, ...

[Energy Storage Industry Construction Plan: Powering the ...](#)

Jun 23, 2025 · Imagine your phone without a battery - that's renewable energy without storage. As global renewable capacity hits 45.4% of total energy mix (up from 27.7% in 2011) [1], the ...

[China targets 180GW of installed BESS capacity by 2027](#)

Sep 17, 2025 · The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), formulated jointly by the country's National ...

[China powers up nation's largest standalone battery storage ...](#)

4 days ago · A 500 MW/2,000 MWh standalone battery energy storage system (BESS) in Tongliao, Inner Mongolia, has begun commercial operation following a five-month construction ...

[China unveils three-year action plan to boost new-type energy storage](#)

Sep 12, 2025 · China on Friday unveiled an action plan to promote the development of new forms of energy storage between 2025 and 2027, amid efforts to support green energy transition and ...

[A study on the energy storage scenarios design and the ...](#)

Sep 1, 2023 · Finally, taking an actual big data industrial park as an example, the economic viability of energy storage configuration schemes under two scenarios was discussed, and an ...

The action plan for the large-scale construction of new energy storage

Sep 12, 2025 · In order to implement the Guiding Opinions on Accelerating the Development of New Energy Storage and the Action Plan for Accelerating the Construction of a New Power ...

China's three-year action plan for new energy storage construction ...

The National Development and Reform Commission and the National Energy Administration issued the 'Special Action Plan for Large-Scale Construction of New Energy Storage ...
