

Lifepo4 power station factory in Croatia

Overview

What is a LiFePO4 power station?

A LiFePO4 power station is a type of portable power station that uses lithium iron phosphate (LiFePO4) batteries. These power stations are ideal for certain environments, particularly hot areas, due to their stable chemistry. The most popular brand using LiFePO4 batteries is Bluetti.

Who owns a power station in Croatia?

All power stations in Croatia are owned and operated by Hrvatska elektroprivreda (HEP), the national power company. As of 2015, HEP operates 26 hydroelectric, 4 thermal and 3 cogenerating power plants with the total installed electrical power of 3.654 MW.

Where is GreenPower located?

GreenPower is located at Building D2, No. 6000 Shenzhuan Road, Songjiang District, Shanghai, China. They focus on power station, lithium solar battery, energy storage system, and provide standardized & customized products and solutions.
