

# **Netherlands Communications Authority 5G base station construction**

## Overview

---

Mobile data usage is increasing. For example, people now watch films while travelling. And farmers' drones, industrial machinery and self-driving cars all use mobile data. So the Netherlands needs a fast, st.

Is 5G regulated in the Netherlands?

There is no specific legislation surrounding the roll-out of 5G in the Netherlands. The Telecommunications Act does contain rules on the issuance of frequencies and the sharing of antenna sites. 6. Are 5G network sharing or spectrum sharing agreements in place?

Is there any focused 5G network or spectrum sharing regulation?

.

What is the European 5G Observatory?

The European 5G Observatory tracks progress in 5G infrastructure deployment across the EU and other regions worldwide according to base stations deployment, edge nodes and infrastructure sharing agreements. Source: IDATE estimates and regulators' data. Reporting period: at December 2024. Source: IDATE estimates and regulators' data.

What does 5G mean for the Netherlands?

The introduction of 5G means the Netherlands will continue to have a fast and stable mobile network in the future. Mobile data usage is increasing. For example, people now watch films while travelling. And farmers' drones, industrial machinery and self-driving cars all use mobile data.

Will the Netherlands free up more frequency space for 5G?

Since several years the Dutch authorities were working on freeing up more frequency space for 5G. As far back as 2021, the Dutch Minister of Economic Affairs and Climate Policy (Minister) decided to amend the National Frequency Plan 2014 (NFP) to free up the 3.5 GHz band for the development of the 5G network from 1 September 2022 onwards.

## Netherlands Communications Authority 5G base station construction

---

### [5G Base Station Construction Market in Netherlands](#)

The future of the 5G base station construction market in Netherlands looks promising with opportunities in the smart home, medical & mission-critical applications, logistics ...

### [Dutch Authority for Digital Infrastructure . Rijksinspectie ...](#)

The Dutch Authority for Digital Infrastructure is responsible for obtaining and allocating frequency space and monitoring its use. Read more.

### [5G Base Station Construction Market Report: Trends, ...](#)

Mar 13, 2025 · The future of the global 5G base station construction market looks promising with opportunities in the smart home, medical & mission-critical applications, logistics ...

### [Complete Guide to 5G Base Station Construction , Key Steps, ...](#)

Nov 17, 2024 · Explore how 5G base stations are built--from site planning and cabinet installation to power systems and cooling solutions. Learn the essential components, technologies, and ...
