# Oman Power Base Station Announcement

## Overview

---

When is the EOI submission date for Oman power & water procurement (PWP)?

The EOI submission date is 19-Dec-2024. PWP is advised by: Nama Power and Water Procurement Company SAOC (PWP), Oman issues the Expression of Interest (EOI) for the development of two independent power projects (IPPs) on a build, own and operate basis connected to the main interconnected system (MIS) in the Sultanate of Oman.

When will Oman's CCGT power plants be operational?

The planned combined cycle gas turbine (CCGT) power plants will contribute to Oman's energy infrastructure, with an initial generation capacity of 1,700 MW to be operational by April 2028. The remaining capacity will follow by April 2029 to ensure alignment with the country's growing electricity demand.

What are the project agreements in Sultanate of Oman?

Project agreements including power purchase agreement, usufruct agreement, natural gas supply agreement, gas connection agreement, electrical connection agreement and electrical supply agreement are expected to be substantially similar to that of previous IPPs successfully developed and financed in the Sultanate of Oman.

What is Oman's procurement model?

Procurement Model: Build, own, and operate (BOO). The project will cater to Oman's main interconnected system (MIS) grid, which serves the majority of the country. The invitation aligns with Oman's broader strategy to enhance energy security and meet increasing electricity demand in a rapidly developing economy.
