

Ottawa Portable Emergency Power Supply

Overview

Why should you buy a portable power station?

Built by preppers, for preppers. Stay powered in any situation with high-performance portable power stations. Whether you need a solar electric generator for off-grid living, a portable charging station for outdoor adventures, or a dependable power supply for emergencies, Canadian Preparedness offers efficient and rugged energy solutions.

Where can I buy electrical supplies in Ottawa?

The Westburne branch in Ottawa East carries a wide assortment of electrical supplies for commercial, industrial, and residential contractors, including lighting, wire and cable, distribution, tools, and automation. We are also an electrical distributor of top products from popular brands such as Eaton, ABB, IPEX, and Burndy.

What is a portable power station?

A portable power station, sometimes called a portable electricity generator or power portable station, is a rechargeable battery-powered device that supplies power through multiple output ports such as AC, USB, and 12V DC. Unlike traditional fuel generators, these are quiet, fume-free, and easy to transport.

What devices can a portable power station run?

Portable power stations can run a variety of devices, including smartphones, laptops, CPAP machines, lights, small appliances, and even mini fridges, depending on their wattage capacity. How long does a portable power station last?

Runtime depends on the battery's watt-hour (Wh) capacity and what you're powering.
