

BUHLE POWER

Ottawa solar container battery Customization Company

Overview

Why should you install battery storage in your solar system?

By integrating battery storage into your solar system, you can harness more of the energy you generate and enjoy reliable backup power during grid outages. LB Electric specializes in the installation of solar battery storage systems for homeowners in Ottawa and surrounding areas.

Why should you choose a solar company in Ottawa?

Most solar companies are about the sales. We're about lasting systems — and bringing the future of Ottawa solar power to your home and business. From Cumberland to Carleton Place, we're not a call center with a crew. Our local roots run as deep as our experience — and we couldn't be prouder to have installed our neighbours' solar panels since 2009.

What are the benefits of solar paired with battery storage?

Solar paired with battery storage offers a compelling advantage over standalone solar setups, bringing a host of benefits to your home. By integrating battery storage into your solar system, you can harness more of the energy you generate and enjoy reliable backup power during grid outages.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
