

BUHLE POWER

Outdoor mobile energy storage power supply in Manchester UK

Overview

Who are Manchester renewables?

Here at Manchester Renewables we supply and fit all of Manchester with renewable energy products, from Solar PV Systems, EV Charging Points, Battery Storage and Heat Pumps. Our expert teams are all MCS & RECC accredited, providing you with the highest quality installations, using the best and most efficient systems on the market today.

What is energy for a sustainable & environmentally friendly Manchester?

Sustainable, reliable & affordable energy systems, Manchester renewables! Energy for a sustainable and environmentally friendly Manchester. We are committed to helping Manchester transition to zero-carbon lifestyles and help households save energy.

What is utility scale battery storage?

Utility scale battery storage is playing a critical role in enabling renewable capacity to connect to the grid. KX Power's deep expertise and demonstrable track record in successfully developing, constructing, operating and optimising energy storage projects makes us one of the leading developers and partners in the UK energy transition.

What types of EV chargers do Manchester renewables provide?

At Manchester Renewables we provide all types of EV Chargers, supplying and fitting all models from domestic 7.2KW to commercial 3 phase 22KW chargers. The Battery Storage allows you to store the excess energy your system is producing. This means it isn't going back on the grid during the day and is ready to use when required.
