

Portable power supply for the crew

Overview

What is a portable power station (PPS)?

The solution for instant, quiet, and robust energy lies in the modern portable power station (PPS). These devices are the ultimate answer to power freedom, freeing you from noisy generators and messy cable runs.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What accessories do you need for a portable power station?

One of the most common accessories is going to be a cord to connect to similar power stations in series, often times doubling your power output. Some portable power stations have a light bar built into the housing, which is useful for seeing at night. Anker's Solix C300 also includes a pop-up camping light.

What is the best portable power supply?

After carefully researching all of the different options on the market today, we have concluded that the SUAOKI Portable Power Station is by far the best portable power supply out there. It comes with a multitude of charging ports and options, which means that if you have a device that needs to be charged, this unit will have you covered.
