

Power breaker switch factory in Costa-Rica

Overview

Why is Costa Rica a good country for electronics manufacturing?

Since Costa Rica hosts the region's only Intel semiconductor assembly and test plant, electronics manufacturers in Costa Rica may enjoy a significant economic advantage. Finally, Costa Rica is geographically located between North and South America, and has ports on the Atlantic and Pacific oceans.

What is Smiths Interconnect Costa Rica known for?

The Smiths Interconnect Costa Rica plant is known for producing a wide range of electronic components and is working towards the implementation of a semiconductor manufacturing and assembly capability. Current products include the following. Figure 3. Smiths Interconnect operator verifying the results of a screen print.

Which military programs use Smiths' Costa Rica components?

A number of high-profile programs use Smiths' Costa Rica components. For example, the Frontier Mars Rover uses the Thermopad, the Indian Chandrayaan-3s Moon Lander has both the Thermopad and LabFlex T cables and the F-35 Lightning military aircraft features radar system attenuators.
