

Rack UPS battery cabinet

Overview

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What is a battery rack?

Arimon uninterruptible power supply (UPS) backup battery racks are available for either front access batteries or top terminal (monobloc) batteries. All battery racks are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

Are the parts for the ups rack available ex warehouse?

The individual parts for the UPS rack are available ex warehouse and we can guarantee short delivery times even for larger quantities of racks. The UPS racks meet all the requirements of DIN EN IEC 62485-2. The parts are all insulated and the battery installation location is insulated from the installation location.
