Ranking of container folding solar panel manufacturers

Overview

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Who are the top solar companies in the US?

DMEGC (Hengdian Dongci) and others were close behind. First Solar remained the sole US entrant in the top tier, while Aiko debuted thanks to its mass-produced BC cell modules and Huasun ascended rapidly by commercialising HJT technology. As the industry undergoes deep adjustment, obsolete capacity is being phased out quickly.
