

Solar glass production in Johannesburg Terrace South Africa

Overview

Does Henkel South Africa have a solar farm?

Henkel South Africa has reached a groundbreaking milestone in its sustainability journey with the official launch of its solar farm at its Alrode manufacturing plant. This transformative project ensures that 100% of the plant's electricity needs during daytime operations are met through renewable energy sources.

Can glass solar panels be used in building facades?

Through a collaboration between Australian glass solar technology developer ClearVue and local technology distributor Concept Business Solutions, a novel transparent glass solar panel technology for use in building facades has been launched in South Africa.

Where can you find smart glass windows in Cape Town?

It's home to the glass-clad The Silo Hotel and Zeitz MOCAA Museum of Contemporary Art Africa. Gauzy's Smart Glass windows are the perfect solution to creating breathtaking facades while satisfying the desire for energy-efficient materials in building construction in Cape Town.

Will ClearVue be made in South Africa?

Boyd said that a major South African glass manufacturer was in discussions to assemble the product locally, combining ClearVue's patented solar technology, manufactured in Australia, with locally made glass panels. However, he said the aim is to have the full product manufactured in South Africa as soon as possible.
