

# **Solar panel lengthening and pressing manufacturer**

## Overview

---

Why should you choose horad solar panel production lines?

We offer complete solar panel production lines for global customers to manufacture photovoltaic modules based on their specific requirements. Since foundation, Horad has been committed to becoming a leading manufacturer of intelligent PV panel production lines by focusing on the solar panel line R&D, designing, manufacturing, sales and services.

How to deliver a solar panel making machine or a production line?

To deliver a solar panel making machine or a solar panel production line that performs, we take special care to quality control in each stage: We are at your side in each stage of building your solar panel factory and production lines. Express your needs on solar panel producing, we will create your custom automation equipment.

Can horad make customized solar panel lines?

We can make customized automatic solar panel lines according to customer needs. Horad is a specialist in solar panel manufacturing equipment. Our company is committed to providing efficient turnkey lines and a range of individual equipment for customers from around the world. Our products have been exported to over 20 countries and regions by far.

Why do you need a top-of-the-line photovoltaic production line?

Top-of-the-line production lines guarantee seamless production, resulting in high-quality photovoltaic cells and modules. Comprehensive warranty and a responsive after-sales service also provide assurance that assistance does not end at installation. The successful projects speak for our technical force and service capacity.
