

BUHLE POWER

Solar power storage batteries in Romania

Overview

What is Romania's largest battery project?

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date. The company will build a 400 MWh facility in Floreşti, Cluj county, which is expected to be operational by the end of 2025.

How much solar power does Romania have?

Solar power in Romania had an installed capacity of 1,374 megawatt (MW) as of the end of 2017. The country had in 2007 an installed capacity of 0.30 MW, which increased to 3.5 MW by the end of 2011, and to 6.5 MW by the end of 2012.

How much storage capacity will Romania have in 2025?

This single project will double Romania's current installed storage capacity of 398.8 MWh, a figure that comes from transmission system operator Transelectrica, and mentioned by Romania's energy minister Sebastian Burduja in April, 2025.

Does Romania have a double taxation of stored electricity?

Romania's National Energy Regulatory Authority (ANRE) recently eliminated the double taxation of stored electricity. The new rules exempt electricity stored and then reinjected into the grid from several tariffs, removing a significant financial barrier for investors.

Solar power storage batteries in Romania

[Largest battery energy storage capacity in Romania, ...](#)

2 days ago · The largest battery energy storage capacity in Romania - 200 MW power and 400 MWh capacity - was operationalized on Friday, Minister of Energy, Bogdan Ivan announced.

[Romania Needs Battery Storage, Not Just Solar Panels](#)

Nov 1, 2025 · Discover why Romania's 3,000 MW solar expansion requires battery storage systems. eBattery.Energy deploys 45 MW / 90 MWh capacity to stabilize the grid and ...

[Romania Accelerates Battery Energy Storage Systems ...](#)

Nov 19, 2025 · Romania launches a EUR150M program to expand battery energy storage systems, adding 385 MW of capacity and strengthening municipal energy resilience.

[Nova Power & Gas has inaugurated a 200 MW energy storage ...](#)

Nova Power & Gas, part of the E-INFRA group, has announced the commissioning of the largest battery energy storage facility in Romania, with a power of 200 MW and a storage capacity of ...

[Romania's biggest battery system put into ...](#)

2 days ago · The new battery energy storage system (BESS) became operational after Mayor of Floresti Bogdan Pivariu signed a certificate of

...

[Toki Power picks up 300 MWh grid storage project in Romania](#)

3 days ago · Austrian developer Toki Power has acquired a 150 MW / 300 MWh battery storage project in Romania that will operate independently to provide grid balancing services.

[Nova Power & Gas inaugurates Romania's largest battery energy storage](#)

9 hours ago · Nova Power & Gas is currently the national leader in battery storage capacity, with 240 MWh already operational. The company continues to expand its investment portfolio, ...

[Romania battery storage: Impressive 1GWh ...](#)

Oct 18, 2025 · Boosting Romania's Energy Security with Romania battery storage Romania has been making significant strides in renewable

...

[Romania battery storage: Impressive 1GWh Project Launched](#)

Oct 18, 2025 · Boosting Romania's Energy Security with Romania battery storage Romania has been making significant strides in renewable energy, with impressive growth in solar energy ...

[Romania's biggest battery system put into operation](#)

2 days ago · The new battery energy storage system (BESS) became operational after Mayor of Floresti Bogdan Pivariu signed a certificate of occupancy, Profit.ro reported. In addition, Nova
