

Southern Europe Super High Current Capacitor Factory

Overview

What is the largest supercapacitor factory in Europe?

Our ISO 9001- and 14001-certified Dresden Superfactory in Germany is the largest supercapacitor factory in Europe. Our upcoming production facility for graphene-based supercapacitors, the Leipzig Superfactory, will be the largest and most modern supercapacitor factory globally.

What is the global supercapacitor market?

Supercapacitors, also known as ultracapacitors, are becoming a critical component in modern energy storage solutions. According to Statistics MRC, the Global Supercapacitor Market is accounted for \$5.08 billion in 2024 and is expected to reach \$11.16 billion by 2030 growing at a CAGR of 14.0% during the forecast period.

What are the best EV supercapacitors?

Gold Capacitors: Panasonic's gold capacitors offer high energy density and stability, making them ideal for backup power in electronic devices. **EV Supercapacitors:** These are specifically designed for automotive applications, providing efficient energy management for electric and hybrid vehicles.

Are supercapacitors a good choice for high-power energy storage?

Siemens already uses our supercapacitors for their high-power energy storage. Skeleton and Siemens both believe that the global economy is undergoing structural changes in some of the largest CO2 emission sources such as power generation, transport, and industry. Supercapacitors are a key element in drastically reducing emissions in these sectors.

Southern Europe Super High Current Capacitor Factory

[Europe High Voltage Capacitor Market ...](#)

The growing push for smart grids and renewable integration has made Europe a hotspot for innovation in capacitor technology. Historically, the ...

[Skeleton Opens EUR220M Supercapacitor Leipzig Factory](#)

Dec 3, 2025 · The facility is already delivering to Siemens, General Electric, and Hitachi Energy for European electrical grids, and [...] Read the original post at Skeleton Opens EUR220M ...

[EUR220M investment in world's largest supercapacitor factory](#)

Jul 19, 2022 · Skeleton is investing 220 M EUR to build the largest supercapacitor factory in the world near Leipzig, Germany.

[Leader in high power supercapacitors and batteries , Skeleton](#)

5 days ago · Skeleton Technologies is the largest supercapacitor factory in Europe. Discover the reasons why Skeleton Technologies should be your company's next high-power energy ...

[Europe Super Capacitors Market: Regional Analysis and](#)

Jul 7, 2025 · The automotive sector is a significant driver of the super capacitors market in Europe, primarily due to the increasing demand for energy-efficient and high-performance ...

[Europe High Voltage Capacitor Market Outlook, 2030](#)

The growing push for smart grids and renewable integration has made Europe a hotspot for innovation in capacitor technology. Historically, the region relied on conventional ceramic and ...

[Our leading technologies , AIC EUROPE GmbH](#)

High ripple current at 100Hz/300Hz As a long-established part of HITACHI CHEMICAL, we have an in-depth knowledge of the chemical processes that are particularly important for high-end ...

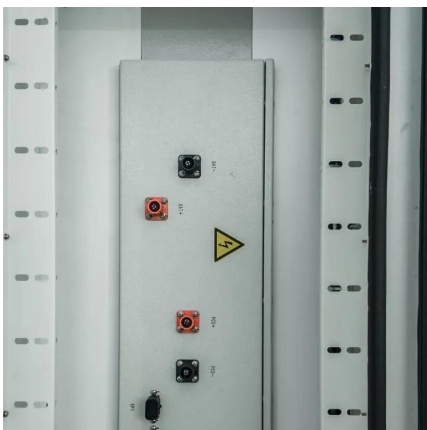

[Top 7 Supercapacitor & Ultracapacitors Manufacturers](#)

Aug 16, 2024 · Explore the top 7 supercapacitor manufacturers that are leading the way in energy storage innovation. Discover industry leaders, cutting-edge technologies, and their global impact.

[Leader in high power supercapacitors and ...](#)

5 days ago · Skeleton Technologies is the largest supercapacitor factory in Europe. Discover the reasons why Skeleton Technologies should be your ...

[Skeleton Opens EUR220M Supercapacitor Leipzig Factory](#)

Dec 3, 2025 · Skeleton Technologies has officially opened its EUR220 million SuperFactory in Markranstädt, near Leipzig. The facility is already delivering to Siemens, General Electric, and ...

[Europe Super Capacitor Market Size and Forecasts 2031](#)

Nov 28, 2025 · The Europe Super Capacitor Market is expanding rapidly due to rising demand for high-power energy storage and fast-charging technologies. Super capacitors in Europe are ...
