In addition, Ingeteam is a leader in research and development, focusing on improving renewable energy production. Their Ingecon Sun series of solar inverters are very flexible.

What is a solar inverter?

A solar inverter is a device that converts the direct current (DC) from your solar panels into alternating current (AC) that you can use or sell to the grid. There are different types of solar inverters depending on your needs and preferences. At Power Gardens, you can choose and buy any type of inverter that suits your needs.
