

Stockholm Energy Storage Container 10MW

Overview

Where in Sweden is a 10-MW battery energy storage system?

Swedish solar farms and battery storage developer Helios Nordic Energy has finalised the sale of a 10-MW battery energy storage system (BESS) project outside the city of Sodertalje, in east-central Sweden. The Storen Power Reserve battery complex in Sweden. Image by: Neoen.

When will hyperstrong supply a new energy storage project in Germany?

In the same month of May 2024, HyperStrong signed a supply contract with another client for the Waltershausen energy storage project in central Germany, with delivery taking place in December 2024 and grid connection in March of this year.

Where is the Storen power reserve battery complex located?

The Storen Power Reserve battery complex in Sweden. Image by: Neoen. The ownership of the project, located in the Nordic country's SE3 energy price zone, was transferred in the ready-for-construction phase, Helios Nordic said on Wednesday.

Where is the 10MW Bess project located?

The 10MW BESS will be strategically located in SE3, helping to stabilize the grid by providing ancillary and balancing services across frequency markets. "We are excited to deliver this project to our customer," said Magnus Häggström, Chief Commercial Officer at Helios Nordic Energy.
