

Sukhumi Solar Lighting Sign

Overview

What is solar illuminations?

Solar illuminations is your one stop lighting solution for light billboards, and other sign types including cabinet & church signs, monument signs, wayfinding signs, post and panel signs, and business signs. We can supply solar LED modules, or LED ribbon to install within sign cabinets or channel lettering.

What is a Sun-in-one solar sign kit?

Sun-In-One Solar Sign Kits are not just for sign lighting. In fact, they can be used for a wide variety of applications: flood lighting, monument/flag lighting, parking lot lighting, security lighting, billboard lighting, and to power LED and channel letter signs.

What are outdoor solar powered LED sign lights?

Outdoor solar powered LED sign lights are the perfect solution for illuminating signs in remote locations, or areas where it's too costly to access mains electric power.

What is a solar sign light system?

This professional, commercial grade, solar sign light system is designed to illuminate very large signs, billboards and double sided signage. Supplied as a complete system. This solar sign light system is supplied with four LED light fixtures. Select from either 5 Watt, 10 Watt, 20 Watt, or 30 Watts .

Integrating Landscape Lighting with
Your Solar Sign Light
Why should you consider
using solar lighting for your next sign project?
Solar lighting is ideal for situations where
traditional power sources are unavailable or too
expensive to install. For instance, installing a
sign in the middle of a large roadway can be
problematic if you need to trench power lines, as
it may disrupt traffic and be costly to See more on
