

# **Tampere Finland monocrystalline silicon solar panel company**

## Overview

---

Who is Salo solar Oy?

Solar Finland Oy (Ltd.) is a solar energy corporation comprising of four daughter companies, all based in Salo Finland. Salo Tech Oy (Ltd.) manufactures Finnish solar modules branded SALO® Solar Panels. Salo Solar Oy (Ltd.) designs and installs comprehensive solar energy systems.

Where are the largest polycrystalline silicon factories in the world?

According to Bloomberg, four out of five of the largest polycrystalline silicon factories in the world are located in the Xinjiang area in China. In January 2021 the consultancy Horizon Advisory released a report according to which the production of polycrystalline silicon can be linked to the use of forced labor from the Uighur minority.

Why should you choose solar Finland?

Solar Finland and its subsidiaries with strong long-term background are experts in all aspects of solar energy. Our extensive know-how and experience of over 40 years make it possible to develop in different areas making our products and services competitive in the solar energy markets both domestically and abroad.

Who makes Salo solar panels?

Salo Solar designs, sells and builds comprehensive turnkey solar electricity systems. Salo Tech manufactures and sells high-quality Finnish SALO® solar panels. Salo Automation designs and builds production lines and machines meant for the production of solar panels. Salo Energy builds solar parks and invests in local solar electricity.
