

# Uninterruptible power supply equipment BESS in Chisinau

## Overview

---

Should you buy a ups or a Bess system?

UPS systems are cheaper upfront. But their batteries wear out faster and aren't designed for daily use. BESS systems are more expensive initially, but they offer long-term savings through energy arbitrage, grid incentives, and durability (especially with lithium iron phosphate batteries). Which One Should You Choose?

.

Who is the leading 1st generation uninterruptible power supply provider in China?

We are one of the leading 1st generation of uninterruptible power supply (UPS) solution providers in China. For 20 years, we have been specialized in the research, manufacture, sales and services of UPS with our production base in Shenzhen. We accumulated rich experiences and typical cases .
