

Uninterruptible power supply equipment BESS in Guatemala City

Overview

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) provides a source of power for the equipment it protects. If there is a disruption to power, the UPS has an on-board battery to automatically supply to electrical equipment until the disruption is over or back-up generators kick-in. What is a WIMES UPS?

.

What makes IPS a reliable power company?

Since IPS's first acquisition in Guatemala in 2019, we have worked to provide reliable power to its people through innovation, sustainability, and a restless drive for advancement.
