

# **Uzbekistan Off-Grid Solar Container 120kW**

## Overview

---

Will Uzbekistan fund a 250-megawatt solar photovoltaic plant?

Tashkent, Uzbekistan, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).

How to make solar energy a key energy source in Uzbekistan?

The policy and regulatory frameworks enabling further solar energy deployment in Uzbekistan. Increasing power system flexibility to integrate the increasing amount of solar generation. Finally, the recommended actions are a co-ordinated package of measures to implement to make solar energy the key energy source in Uzbekistan in 2030 and beyond.

Who collects energy statistics in Uzbekistan?

The State Committee of the Republic of Uzbekistan on Statistics is the official authority collecting energy statistics. It will play an important role in the future in collecting data on off-grid solar photovoltaics and solar heat use in households.

Will Uzbekistan reach its maximum capacity of solar energy?

Nevertheless, a more comprehensive set of policies and support mechanisms will be required to reach Uzbekistan's maximum capacity of solar energy and further increase solar energy toward 2030. The government should consider bundling the range of actions needed to ensure the use of all types of solar energy resources.

## Uzbekistan Off-Grid Solar Container 120kW
