

# What is the best outdoor power charging power

## Overview

---

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Is solar charging a good idea?

Solar charging delivers true off-grid independence for extended outdoor stays. For trips lasting more than three days, solar charging becomes essential. Look for compatibility with at least 100W solar input, with 200W capabilities offering significantly improved recharge times.
